

## PECB Certified ISO 22320 Foundation

Become acquainted with the best practices of Emergency Management based on ISO 22320

### Why should you attend?

The ISO 22320 Foundation training enables you to learn the basic elements to implement and operate an Emergency Management as specified in ISO 22320. During this training course, you will be able to understand the different modules of an Emergency Management, including Emergency Management policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO 22320 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
